

### **2.7.1. Online student satisfaction survey regarding to teaching learning process.**

Our college IQAC cell every year conducts Students Satisfaction Survey regarding to teaching learning process under the guidance of Principal and Academic coordinator. Survey gives valuable information and opinion of the students to take better decisions and to improve the competency and quality of the teaching learning process. It provides us a chance to know the expectations and needs of the students.

A questionnaire was designed in Google forms on various aspects like teacher's capabilities, depth of knowledge in the subject, effective communication, and coverage of the syllabus, fairness in evaluation, mentoring the students in co-curricular and extracurricular activities, informing their competencies and supporting them in their weak areas. The link for SSS was circulated among the students to collect the feedback. The data obtained was analyzed and presented in the graphical report. Majority of the students have given positive feedback on the overall teaching learning process of the institute.

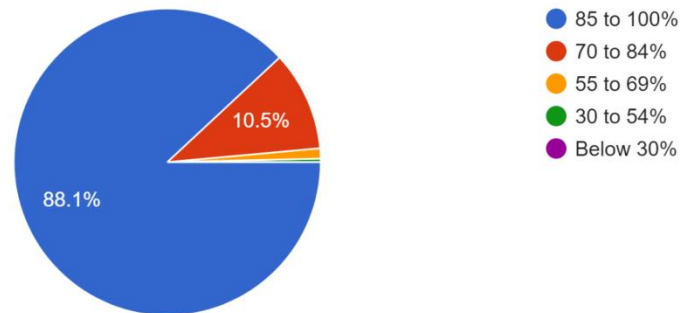

The observations of the SSS are as follows.

- The overall response to survey was positive.
- Coverage of the syllabus was in time even during pandemic period.
- Teachers are very effective in their communication with students both in online & offline mode.
- Teachers are using several pedagogical methods like experiential learning, interactive learning and ICT tools to make the learning process students centric.
- Fairness of the teachers in internal evaluation is encouraging. All the teachers discuss the performance of students in their assignments and seminars. They are also given with constructive suggestions and motivated to overcome their weaknesses.
- Preparation of the teacher for class is satisfactory. The teachers illustrate the concepts through examples and applications.
- Institution takes active interest in promoting internship and field visit opportunities for students to boost their practical knowledge and skills.
- Teachers always encourage students to participate in extracurricular activities like sports, arts, gender sensitization, environmental activities, community service etc.

The result of the survey is shown in the form of Pie chart below.

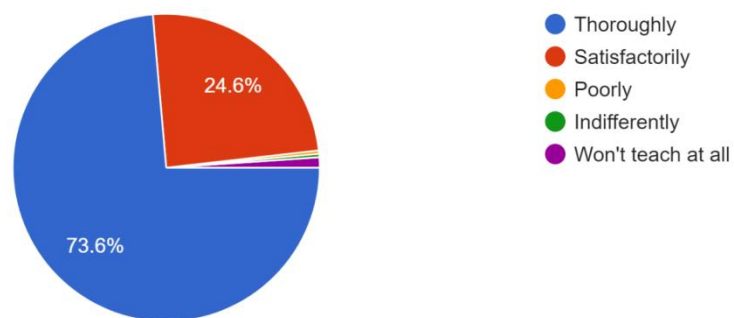

1. How much of the syllabus was covered in the class?

553 responses

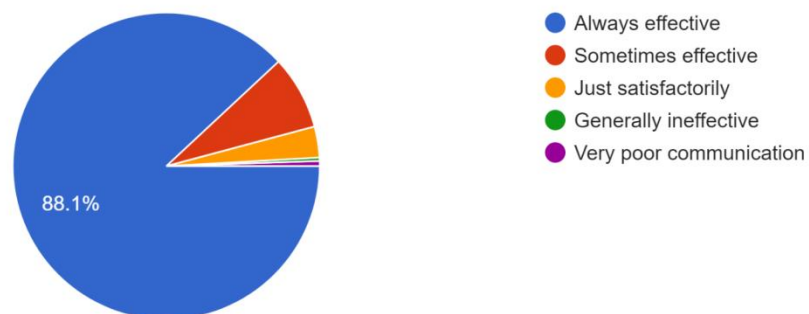

2. How well did the teachers prepare for the classes?

553 responses

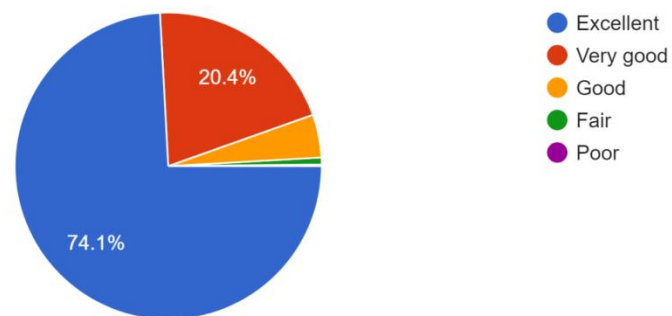

3. How well were the teachers able to communicate?

553 responses

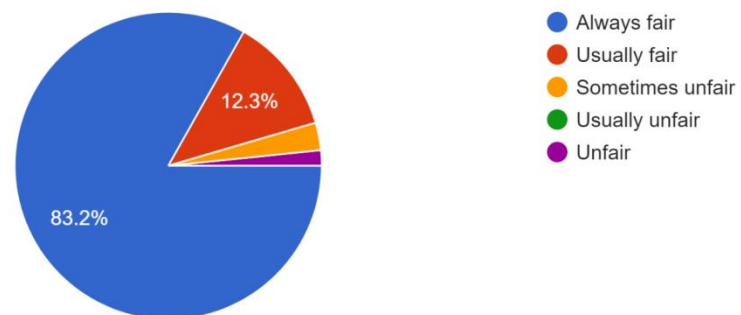

4. The teacher's approach to teaching can best be described as

553 responses

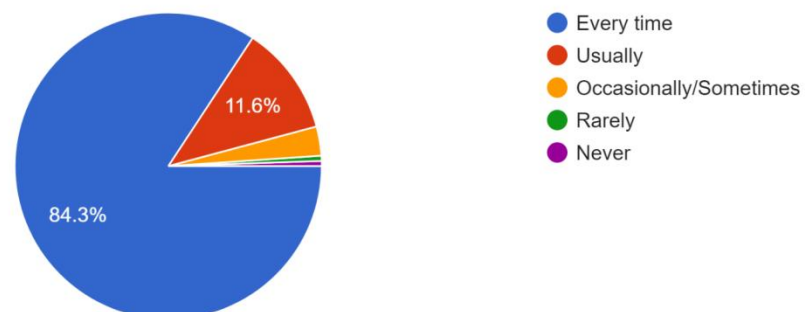

5. Fairness of the internal evaluation process by the teachers.

553 responses

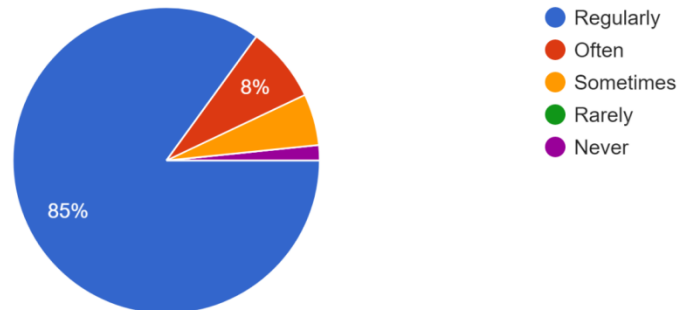

6. Was your performance in assignments discussed with you?

553 responses

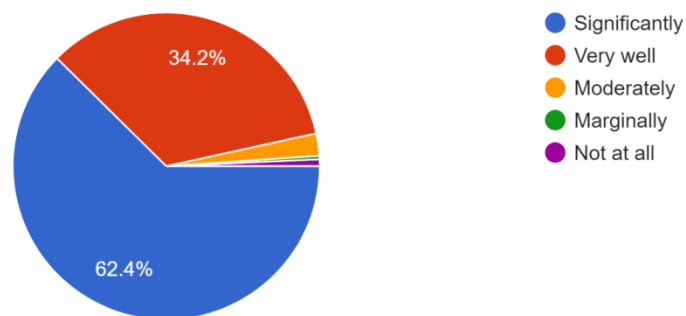

7. The institute takes active interest in promoting internship, student exchange, field visit opportunities for students.

553 responses

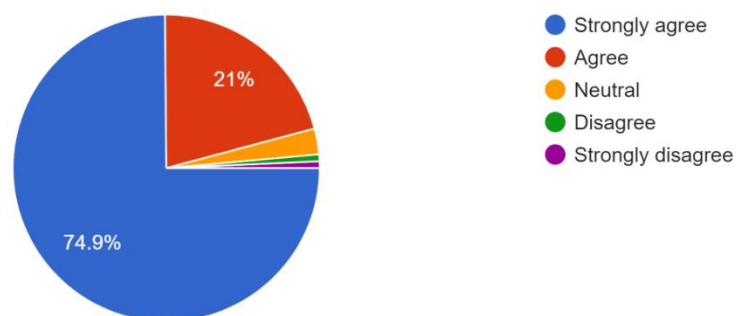

8. The teaching and mentoring process in your institution facilitates you in cognitive, social and emotional growth.

553 responses

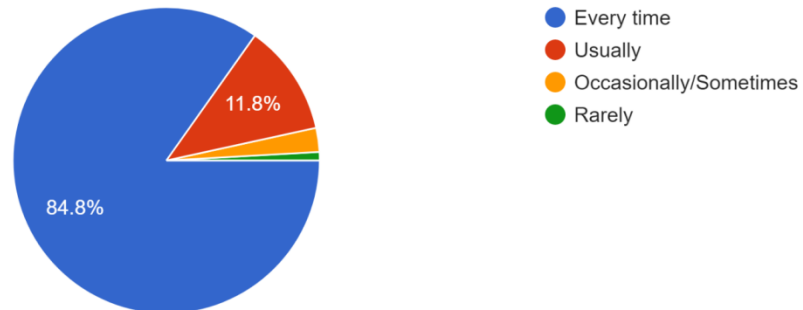

9. The institution provides multiple opportunities to learn and grow.

553 responses

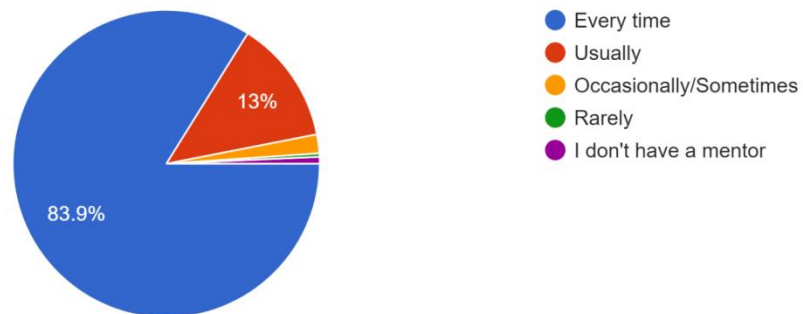

10. Teachers inform you about your expected competencies, course outcomes and program outcomes.

553 responses

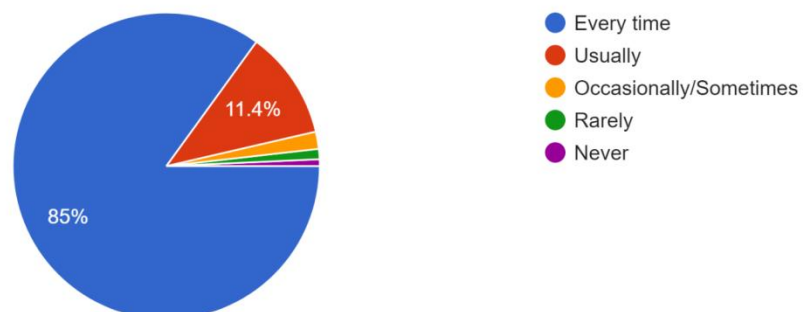

11. Your mentor does a necessary follow-up with an assigned task to you.

553 responses

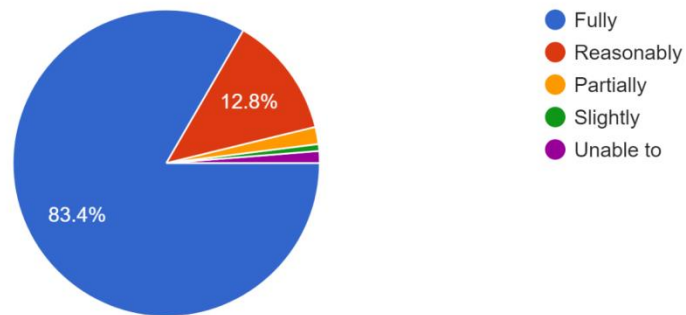

12. The teachers illustrate the concepts through examples and applications.

553 responses

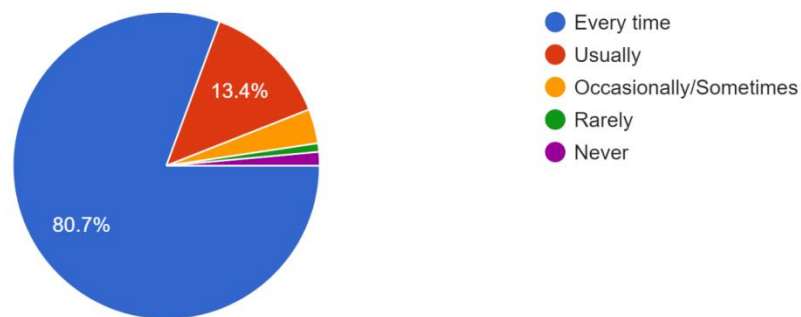

13. The teachers identify your strengths and encourage you with providing right level of challenges.

553 responses

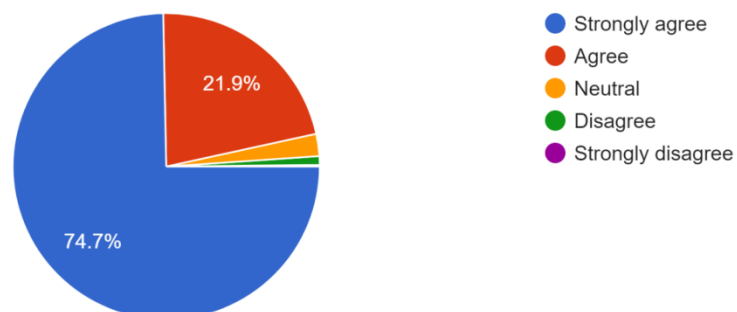

14. Teachers are able to identify your weaknesses and help you to overcome them.

553 responses

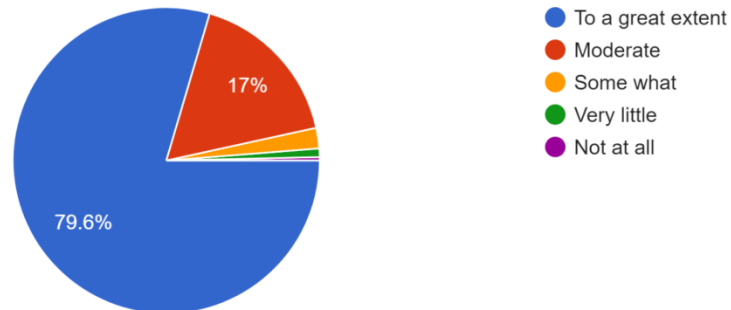

15. The institution make effort to engage students in the monitoring, review and continuous quality improvement of the teaching learning process.

553 responses

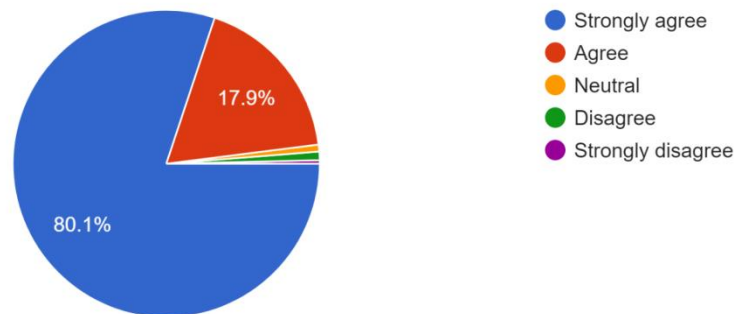

16. The institute/teachers use student centric methods, such as experiential learning, participative learning and problem solving methodologies for enhancing learning experiences.

553 responses

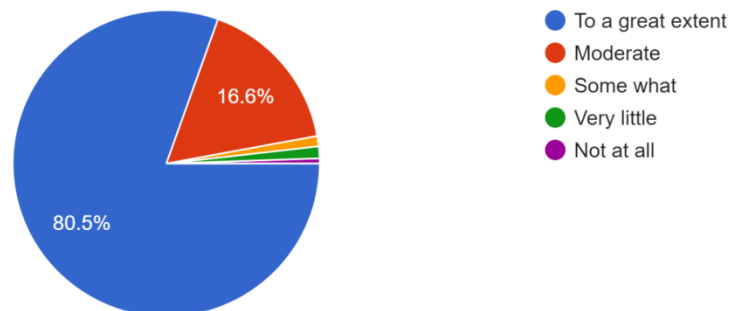

17. Teachers encourage you to participate in extracurricular activities.

553 responses
