

A Certification Course speaks about the skills and talents of an individual in her professional subject area. It provides her official and public recognition and good employment opportunities. It gives a solid foundation to her career thereby helping her to make quick progress and reach new heights in her career. Due to increase in competition, getting a Certification Course has become necessary for a person to stand ahead of others in competition. Certification Course helps an individual to showcase his competency, commitment for the profession, build expertise in his professional subject area, and helps with job advancement. These courses provide knowledge, technology, and skills, training to easily adapt to the work environment and to perform a task efficiently.

Various Departments of our college have organised Certificate courses for the benefit of students during the year 2020-21.
